www.laszeray.com

Laszeray offers better manufacturing solutions and results through integrated technical design expertise for injection molding, tooling, CNC machining, and Value Added & Engineered Assembly applications.

PRODUCT CAPABILITIES

Product Design & Engineering
Design for Manufacturing
Injection Molding
Overmolding
Two & Three Shot
Insert molding
Material Review & Selection
Part Review Process
Rapid Prototyping
CNC & Additive Layer
CNC Machining (36" x 36")

PROCESS CAPABILITIES

Primary Operations
Injection Molding: 65 -1000 Ton
Multi-Shot (240, 730, & 1000 Ton)
Insert & Overmolding
Automated/Robotic Part Trimming
Robotic Part Handling
CNC Milling (Haas - 4 & 5 Axis)
CNC Turning (Haas)
Investment Casting

Secondary Operations
Conditioning & Forming
Wire EDM (Mitsubishi Large Capacity)
Separating
Sonic/Ultrasonic & Spin Welding

Value Added/Engineered & Turnkey Solutions
Kitting & Sourcing
Inventory & Stocking
Assembly & Sub-Assembly
Packaging & Drop-Shipping
Box Build & Warehousing

Finishing Operations
Laser Engraving
Pad Printing
Packaging & Labeling
Surface Finishing & Polishing
Trimming

OUTSIDE OPERATIONS

Anodizing
Heat Treating
Powder Coating
Plating

TOOLING (Onsite)

Injection Molding
Single & Multi Cavity
Investment Casting
Wax Injection
Core & Gate Part
Multi & Straight Pull

CERTIFICATIONS & QUALITY

ISO 9001 Certified
ITAR Registered
Gauging & Precision Measuring
Material Analysis
Coordinate Measuring Machine
Statistical Process Control
Process Parameters/Standard
Operating Conditions
Structured Light Inspection System

MARKET EXPERIENCE

Aerospace & Defense
Airfoils
Automotive & Transportation
Caps & Closures
Commercial & Consumer Appliances
Electronic Enclosures
Firearms & Military
Medical Devices
Oil & Gas
Plumbing
Recreational
Watercraft
